📍 Colombo, Sri Lanka

PROFESSIONAL SUMMARY

An enthusiastic Software Engineering undergraduate with a strong passion for Artificial Intelligence, Machine Learning, and Data Science. Experienced in building intelligent systems, analyzing data, and deploying end-to-end projects from preprocessing to scalable web applications. Strong focus on maintainable code, efficient data workflows, and intuitive user experiences. Particularly interested in Computer Vision, NLP, Research, and Automation.

EDUCATION

Bachelor of Software Engineering

University of Kelaniya

2025 – Present

- Focus: Software Development, Algorithms, Artificial Intelligence, and System Design.

Advanced Level Examination — Physical Science Stream

2021 – 2023

- Subjects: Chemistry, Physics, and Combined Mathematics.
- Achievement: Z-score of 1.5251.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, Java, C, HTML, CSS, MySQL

Frameworks & Libraries: React, Node.js

Cloud & DevOps: AWS, Google Cloud, Docker

AI & Machine Learning: Prompt Engineering, OpenAI API Integration

Tools & Platforms: Git, GitHub, VS Code, Postman, Photoshop, Figma

PROJECTS

Employee Registration System

Tech Stack: Java

- System for managing employee records with user authentication.
- Built with modern web technologies emphasizing scalability and maintainability.

YouTube UI Clone

Tech Stack: HTML, CSS, JavaScript

- Pixel-perfect UI clone of YouTube's interface with fully responsive design across all screen sizes.
- Implemented video thumbnails, functional search bar, and sidebar navigation.
- Focused on modern web development techniques and an intuitive user experience.

CERTIFICATIONS & BADGES

AWS Networking Basics

Amazon Web Services | March 2026

Prompt Engineering & Programming with OpenAI (Modules 1 & 2)

Columbia University | March 2026

Focus: Large Language Models (LLMs), zero-shot / few-shot / chain-of-thought prompting, OpenAI API integration using Python.

Plan & Develop with DevOps

Microsoft Learn | Feb – March 2026

Focus: CI/CD pipelines, infrastructure as code, automating software release processes, and managing cloud environments.

PUBLICATIONS & ARTICLES

- Improving Optical Isolator Performance Using Statistical Quality Tools — Medium
- Introduction to the CIA Triad: The Foundation of Cybersecurity — Medium
- More Than Just Words: Why Diagrams Are Important — Medium

LANGUAGES

- English (Professional Proficiency)
- Sinhala (Native)
